# MODERNIZATION and REPAIRS COME FIRST in "HOME DEFENSE"

## New Construction Permit Schedule Announced by District FHA Director

Authority to proposed construction be postponed for the remainder of the war? Can existing accommodations be substituted for this construction? Can the use of scarce materials in the project be reduced? Is the proposed construction in a war housing area?

(2) Privately Financed Road Construction: Is the length of the roadways as short as practicable and not excessive for the number of families to be served? Can the proposed construction be postponed? Do the design and specifications exceed the minimum local requirements affecting appearance or dedication? (3) Utility Construction: Are the facilities excessive for the number of families to be served? Can the proposed construction be postponed? Do the specifications indicate the unwarranted use of critical materials?

As has been the case since WPA delegated FHA to examine such applications some weeks ago, FHA will transmit its findings to WPA, which in turn gives a final opinion on whether construction may proceed or not.

NEWBURYPORT, Mass.—Taking the sidewalks at night may seem pretty far-fetched, but it appears to be the only satisfactory solution for at least two North Shore home owners.

A Newburyport resident reported to police that a plank walk had been stolen from her yard. Earlier the same week, the sidewalk in front of a Danvers, Mass. home had also been reported stolen.

Both robberies occurred at night.

Three instances of as many degrees of fineness have been combined in a triangular tool sharpening device for home workshops.

Q. In a recent magazine article you mentioned pink daffodils. Will you please tell me something about them. Mr. J.L.C. Seneca, N. Y.

A. To be perfectly frank, the pink daffodils are not nearly as pink as most people expect them to be. The best of the varieties is Mrs. Buchanan. The trumpet comes out a sort of salmon orange and bleaches out to a pale pink with age. Another variety, slightly less colorful, is Love Nest. In general, I would be inclined to say that neither one is worth the price that you pay for them unless you are particularly interested in building up a collection of daffodils.

Q. I have a number of large burdock plants on my grounds. I should appreciate very much if you would let me know how to get rid of them. It seems to me that I read somewhere that there is something which can be poured on the roots to destroy them. Mrs. E. H. B. New Brunswick, N. J.

### TERMITE DAMAGE SERIOUS PROBLEM

Few people are able to detect termite infestation until much damage has been done, says Emer T. Smith of the Buckeye Termite Co. During the Spring months termite swarms, known as "flying ants" emerge from the colony to establish new nests.

This indicates that thousands of destructive workers have been left behind to continue their damaging effects. Smith offers detailed information and free inspection by Phone-line Mansfield, Dial 1538-1, representative office of Buckeye Termite Co. of Columbus, Ohio.

Q. How long do you let tulips stand after they are through blooming before you dig them? L. E. Moundsville, West Virginia

Seven Projects Estimated To Cost Total of \$1,055.

Seven building permits for construction projects estimated to cost \$1,055 were issued in the week which closed May 15. Low cost housing permits, totaling \$750, were issued for the following projects: Mrs. Alice Christian of 304 Quaker street enclosure porch \$125, A. G. Burke, dwelling at 197 Senate street \$50, Nick Manolis of 719 S. Street, remodel dwelling \$300, F. P. Yost, remodel dwelling at 215 Reed avenue, \$35, P. J. Morris of 159 Franklin avenue addition to barn, \$50, and C. V. Hodge, outside stairway at 178 Thompson street, \$5.

## Character of Neighborhood Is Factor in Passing on Mortgage Applications

General Layout of Residential Areas Affect Loan Stability. FHA Officials Point Out.

One of the principal reasons for rejection of applications for mortgage loans is the lack of consideration of the general layout of the neighborhood, according to Federal Housing Administration officials, in the character of the neighborhood of the property.

Well-planned and protected residential neighborhoods have long been recognized by the FHA as factors essential to mortgage stability. One of the prime objectives of this government agency has been the abolition of premature and unwarranted speculation, with the attendant blighted residential areas and depreciation of property values.

The poor character of some neighborhoods often results from an attempt to build up a vacant land parcel of property to select property with a definite residential purpose in mind. In too many instances developers believe that because a part of land is cheap it is suitable for subdivisions of low-cost homes, without consideration of its location.

This is an obvious mistake in theory. It is imperative for families in the low-cost group to live near inexpensive and convenient transportation. Schools, stores, and recreation areas must be conveniently located within easy walking distances.

Another cause of poor subdivisions is the lack of consideration of the general layout of the neighborhood, according to Federal Housing Administration officials, in the character of the neighborhood of the property.

Now with the rapid construction of homes for war workers, even greater emphasis should be placed on the development of planned neighborhoods. FHA officials point out that land-planning principles formerly associated only with high-cost developments are now equally adaptable to neighborhoods in the low-cost range.

## HERE ARE TIPS ON HOUSE CHECKUPS

Spring Best Time To Make Repairs on Buildings.

This is the time of year when home owners should make a careful check of their properties for any needed repairs. Usually after the winter season there are a score of repairs and replacements that will be necessary.

Such repairs and replacements should be taken care of immediately. If neglected they will become doubly expensive to make and may even spread to other parts of the house.

Loose shingles, loose steps, and loose bricks should be discovered and repaired or replaced before they cause serious damage. Downspouts and gutters are particularly susceptible to the rigors of winter weather and require checking after the long seasonal service.

It is wise also to remember that a great deal of time is spent indoors during the winter months, with the result that interior surfaces receive a considerable amount of wear and damage. Painted wall surfaces and wallpaper require treatment.

Furnace and heating equipment should be given attention and any repairs necessary made immediately before the heating system is closed up for the summer months.

It is particularly important not to neglect home repairs during this national emergency. Most metals and other materials on the critical list are becoming increasingly difficult to obtain. By taking care of needed repairs as soon as they are discovered, home owners will be avoiding inconvenience for themselves and making a definite contribution to the war program.

## Predict U. S. Rent Control Here

(Continued from Page 1)

Many cases rent increases since March 1 have been fair and justifiable, but that under the rent regulation law the increase will not be effective after the 60-day period.

Another case reported was of a Mary street home that rented for \$24 a month from August of 1936 to April 1, 1942, when there was an increase to \$35 a month.

Two members of the committee, J. J. Stafford and George Turner, were not present.

## News of Our Boys in U. S. Armed Forces

ARRIVES SAFELY

MARYSVILLE, May 16—Mrs. Nora Williams of here has received a safe arrival card from her husband, Lieut. John C. Williams, of the 147th Infantry.

The card does not designate where he landed. Lieut. Williams was first sergeant of Co. E, 116th Infantry, of this city, which left for Camp Shelby in October, 1940.

After completing a course at officers' candidate school at Fort Benning, Ga., he was transferred to the 147th Infantry.

GOES TO CAMP GRANT

First Lt. Clovis J. Altmaier of 247 South State street, Marion physician, recently commissioned in the United States army medical corps, has been assigned to Co. E, 27th Medical Training Battalion at Camp Grant, Ill., according to an announcement today by the camp commander, Brig. Gen. John M. Willis.

AT FORT KNOX

Private Paul J. McDowd of 392 North State street is among newly-inducted selectees who have arrived at the Armed Forces Training Center at Fort Knox, Ky., for a basic training course, which, when completed, will qualify him for duty with the armored force, according to a report from the public relations bureau at Fort Knox.

LAVAL REJECTS U. S. MARTINIQUE STAND

VICHY, UNOCCUPIED FRANCE, May 16—Pierre Laval, chief of government, announced today that Vichy had informed Washington officially that it could not accept the United States' conditions regarding the status of Martinique.

Laval told the press that a note sent to Washington had declared the American conditions to be a "grave blow to French sovereignty over France's West Indies possessions."

"France will not relinquish any of her rights over Martinique, no matter what happens," the pro-axis chief of government told correspondents.

## CROWD AT OPENING OF WISE'S MARKET

1,500 at Store on First Day of Two-Day Opening.

Approximately 1,500 persons attended the formal opening of Wise's newly-remodeled super market at 879 East Center street yesterday. Merle Wise, assistant manager, reported today. On the basis of the number of shoppers by noon today, he predicted 2,000 persons would visit the store during the day, bringing to about 3,500 the number of persons participating in the two-day formal opening.

The market remained open until 11 p. m. last night. A showman representing a flour company is at the store staging a quiz program with participants sharing in prizes.

## J. H. OBORN DIES AT CITY HOSPITAL

Olney Ave. Man Passes Away After Year's Illness.

James Harvey Oborn, 80, of 261 Olney avenue, died at 12:20 a. m. today in the City hospital. He had been in failing health for a year and seriously ill for the last two weeks.

Mr. Oborn was a native of Richmond township where he was born March 25, 1862, to Stewart and Sarah Boyer Oborn, also natives of Richmond township. His marriage was to August Owens on Sept. 30, 1886. Prior to coming to Marion 35 years ago he lived in Richmond township and near LaRue. He formerly operated a feed store at 253 Olney avenue. Mr. Oborn was a member of the Church of God here.

Surviving are the widow, two children, Maurice G. Oborn of 364 1/2 South Main street and Mrs. Mabel G. Kennedy of near LaRue, a sister, Mrs. Elizabeth Myers of Meyville, Mo., and a brother, Rev. Wesley Oborn of Pendleton, Ind.

Funeral services will be conducted at 2 p. m. Monday at the Boyd & Uncapher funeral home at 122 West Columbia street, with Rev. W. L. Shinn, pastor of the Church of God, assisted by Rev. D. N. Kelly, of Wesley Methodist church. Burial will be made in the Marion cemetery. Friends may call at the funeral home after 5 this evening.

## FURLOUGHS FOR ALL INDUCTEES ORDERED

By The Associated Press

WASHINGTON, May 16—The selective service system is going to make it easier for men inducted into the army to adjust their personal affairs before beginning active duty.

Effective June 15, an official announcement said today, all registrants who so desire will be transferred to an enlisted reserve corps immediately on induction and sent home at government expense for 14 days to arrange their business and family affairs. They would then return to active service.

The new system is designed to eliminate injustices complained of in the present arrangement of granting ten-day furloughs upon request. In some instances such furloughs have been denied. In many cases the inductees were unable to pay their transportation home, especially since the furloughs were given at reception centers instead of induction places closer to their homes.

Draft headquarters also said the new plan would do away with embarrassing situations of men returning home for good, following farewell ceremonies, because of rejections on physical grounds. Send-off parties for registrants enroute to induction stations should be stopped, the announcement said, adding:

"Farewell ceremonies may be arranged at the time the group departs for the reception center, since all of the men in such groups have been accepted for military service and ordered to active duty."

Under the new plan, the army will furnish transportation, meals and lodging of an inductee-reservist during his trip from the induction center to his home and return to a designated reception center. Those who wish may continue on to the reception center without going home.

McNary Wins Easily In Oregon G.O.P. Primary

PORTLAND, Ore., May 16—Senate Minority Leader Charles McNary, who was so busy in Washington he couldn't come home to campaign, overcame a strong Republican renomination yesterday.

McNary, Oregon senator since 1917, and Wendell Willkie's running mate in the 1940 presidential campaign, swamped Arthur L. Carey, Portland attorney, 68,854 to 15,113, in 1925 of 1,770 precincts.

His opponent in November apparently will be Walter W. Whitbeck, Portland insurance man, who was leading Dr. MacBeth A. Milne, Portland dentist, by a comfortable margin.

Governor Charles A. Sprague lost to Secretary of State Earl Snell in his contest for the Republican renomination. State Senator Lew Wallace was leading Howard Latourette, Democratic national committeeman, in the Democratic race for governor.

## Few More Men and Planes Might Have Saved Burma

American Correspondent Tells How British Lost to Japanese at Small Cost to Invaders.

By DANIEL DE LUCE  
W. W. War Correspondent

CALCUTTA, India, May 16—Two factors shaped the course of the war in Burma which so far has been so disastrous to the British and Chinese.

One was the long delay in accepting and bringing in veteran Chinese troops who, in proper numbers, would have been capable of making the Rangoon delta as tough a nut to crack as China.

The second was the expulsion of allied aircraft from Burma bases by concentrated Japanese bombing and strafing of all available landing grounds.

The first factor decided the campaign; the second turned reverses into complete evacuation because the allied armies had to fight blindly without aerial reconnaissance.

This opinion comes from high officers—British, Chinese and American.

By the maximum use of an army authoritatively estimated not to exceed four divisions and an air force probably not over 450 planes, Japan drove a massive wedge from the Bay of Bengal nearly to the borders of Tibet in an amazing four-month campaign that practically separated two of her greatest foes and made their territories mere islands of resistance.

Cost Was Small

What the Japanese won in four months would be cheap at almost any price, but they actually got it at small cost.

Opposing them in the first half of the campaign were two imperial divisions combined with an RAF and an AVG force of less than 150 aircraft.

These facts may now be told, since the information no longer is of military value.

Burma was more poorly prepared for war than Malaya and Java. Even so, with great reserves of allied manpower nearby in China and India, if Burma could have been held it would have been a springboard for a United Nations offensive squarely across the line of Japanese expansion in the south Pacific.

Sometime in December the United Nations strategy went awry. Enthusiasts envisioned at that time huge Chinese armies streaming into Burma immediately. But they did not arrive. Native Burmese ministers protested against possible entrance of the Chinese.

Turbulent Burma, where revolt and mutiny and sedition had written a bloody history in the past decade, was a violent political problem to the British empire. Chungking's offer to share the defense of lower Burma and Rangoon was tentatively rejected.

While battle-tested Chinese regulars stood at thousand miles away in Yunnan province, few battalions of Burma rifles—raw uncertain native levies—were all that guarded the long Tennessean coast across the little gulf of Martaban from Rangoon.

Looked Good On Parade

These Burma rifles looked good on the parade ground. They saluted smartly and wore their bush hats at rakish angle. But neither they nor their British officers were territorial volunteers from colonial industrial business firms known much about the textbooks. All they had seen of tommyguns was in American gangster movies.

Many might have proved effective under different conditions, but when the Japanese regulars sallied across the Thai border on January 14 they broke and retreated rapidly. Around Moulmein three Burma battalions made a brief stand, their nerves worn thin by the continual imitation attacks the Japanese staged with packages of firecrackers tossed close to the defenders' positions.

On the last day of January the real assault began on the wide estuary of the Salween at the back of the Burma rifles. They retreated. The Japanese had bought the 400 miles of Tennessean coastline in a military barter sale and were directly menacing Rangoon.

In February one Chinese brigade magically appeared in the Shan states, hiking there on foot. One crack division of the Indian army crossed a Rangoon river and rushed overnight by train to the Salween river line. More than a month was to elapse before the Japanese broke into Rangoon on March 8, but in all that time not a single Chinese troop was sent southward from the Shan states.

Observers agreed that an Indian army division, if helped out by equal number of Chinese, could have kept the Japanese pinned at the Salween indefinitely and have raided Thailand.

AVG Only Solace

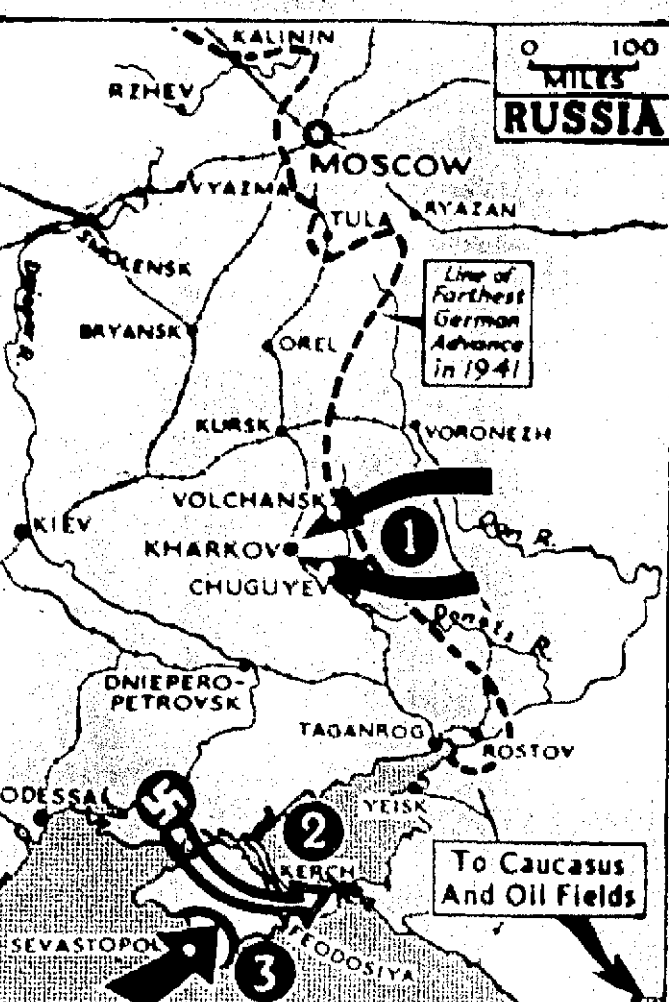

In the skies over Rangoon, the brilliant defensive exploits of the AVG were almost the only solace in the situation which continued steadily to deteriorate.

British fighters did their best and bravest, but they couldn't keep pace with the AVG. The pilots had less flying time and they were not trained in Japanese tactics as that old China hand, Colonel C. L. Chennault, had trained his American volunteers.

Because of the inadequate number of troops which were poorly equipped for jungle fighting, British army tactics were confined to a defense of line positions. This was done tenaciously, but the British to move back their whole line.

No sudden offensive attacks by strong patrols menaced the Japanese rear. The British troop positions were static. The enemy gathered his forces at key points and encircled them and continually forced the British to move back their whole line.

## REDS AND NAZIS PRESS ATTACKS

Russian armies are advancing in their major offensive against Kharkov (1) using Volchansk and Chugueyev as springboards, according to Moscow advices. The German high command reported Nazi columns attacking at the gates of Kerch (2). Red forces are reported attacking the German flank from Sevastopol (3).

## End of Allies Uphill Fight Near, Churchill Tells British

By The Associated Press

LEEDS, ENGLAND, May 16—Prime Minister Churchill declared today that the point where it will be a downhill fight to an allied victory now has come into sight.

"We have reached the period in the war when it would be premature to say we have topped the ridge," Churchill told an audience here, "but we see the ridge ahead now."

"The United Nations will come to the top of the ridge and then they will have a chance not only of beating down and subduing these evil forces which have twice let ruin and havoc on the world, but they have a further and grander prospect beyond the smoke of battle and confusion of the fight," he added.

The enemy is not so ready "to come to this island" because "he knows our arrangements for meeting him" which are "improving in power and efficiency every day," Churchill declared.

Moreover, a "large portion" of the German air force is engaged on the Russian front, the prime minister added.

The cause of the United Nations, he said, appeals to all those "not already gripped by tyranny" or "seduced by its inhuman vice."

"This cause is shared by all the millions of our cousins across the Atlantic who are preparing night and day to have their will and rights preserved," he went on.

Churchill declared that from now on the war would not be "brave men against men armed" but the fight of "a people not only with resolve and a cause but who also have weapons."

He proclaimed that the United Nations would have "to make and fight their way" and "it is sure and certain that our perseverance will see us through these dark and dangerous valleys into sunlight more lasting than mankind has ever known."

## Students in District Near Marion Share High Places in State Tests

Wyandot, Union, Hardin and Delaware County Pupils on List Issued by State.

Wyandot, Union, Delaware and Hardin county students won high places in the state scholarships in which Paul Weller, Harding High school senior, placed sixth in the state, according to an announcement today by Dr. Ray G. Wood, director of scholarship tests in the state department of education.

## Defeat of China Will Be Serious Blow To Allies

(This daily feature, conducted by DeWitt MacKenzie, while the world waits for the end of the war, is written today by Glenn H. Smith.)

We Americans would do well to rid ourselves of that five-year-old habit of looking at the fighting in China as something far beyond the range of our immediate interests. "A fire on the other side of the river," as the orientals say.

The Japanese obviously are opening a new phase of their long, heroically-resisted effort to slay China into submission. The fire has leaped the river. It is all part of our war now, no longer merely a case of giving our sympathy to the undaunted Chiang Kai-shek and his people.

Those widely scattered Chinese fronts are as much part of the total United Nations struggle as the Crimean and Kharkov fronts, although in the coming weeks they may not take up as much black type. But in the long range view our fortunes are only a little less involved in the Japanese effort to knock China out of the war than in Hitler's latest try at destruction of the Soviet Union.

Japan's current onslaughts on free China are marked by a vigor which has been lacking since the capture of Hankow three and a half years ago. Many signs support the thesis that regardless of what the mikado's war machine may attempt in 1942 in other theaters—Australia, India, perhaps Siberia—the China campaign will be a major operation, perhaps most important of all.

To accept this view it is not necessary to regard the current thrust up the Burma road into Yunnan province as the primary phase of the campaign although doubtless the Japanese multitudes will exploit any weakness there to the utmost. This may prove only the preparatory stage, blocking allied aid and setting up China for the haymaker.

Our stake in this is more than the fate of a deeply admired and well-beloved ally. If Hitler knows that Russia, the allies prospects of getting at close grips with Germany in Europe will suffer great damage. Similarly if for China is enslaved, our hopes of obtaining bases of the continent of Asia from which the hammer Japan must be poised to a future not easily predicted—especially if the present correction of Russian-Japanese relations continues.

One tragic aspect of the situation is our current inability to turn our aid full flood to the heroic generalissimo of Chungking, hamstrung as we are by vast distance, time and the claims of other phases of the war. It must be said, however, that in Washington there is lack of appreciation of the significance of what goes on in China.

Our leaders know that China stands in grave danger and that another setback for the allied cause may be in the making.

some minds that the unusually long sentence in Browder's case was by way of penalty imposed upon him because of his political views.

Browder was convicted in the federal court of the southern district of New York of using a passport obtained by false statements in 1941, and the conviction was affirmed by the second circuit in February, 1942.

The "false statement" which formed the basis of the indictment was shown by the evidence was that Browder has in 1921, 1927 and 1931 obtained passports under assumed names by means of false statements, and that in procuring the passport issued to him in 1934 in his own name he stated under oath that no passport had previously been issued to him.

Fellow Communist began working for Browder's release the day he was sentenced, and their campaign has been especially active in recent weeks.

Contending that Browder's release would be a demonstration of national unity, newspaper advertisements emphasized the argument that he was an able fighter of fascism. These advertisements urged readers to write President Roosevelt asking his release.

## MARION MAN PLACED ON PROBATION BY COURT

Released by Union County Judge in Theft Case

MARYSVILLE, May 16—Verlan Britton, 21, of Marion was placed on probation for a period of three years by Common Pleas Judge Richard Cameron Friday when he pleaded guilty to a charge of grand larceny. He had been indicted on the charge by Union county grand jury Monday.

When arraigned Britton disclosed that he was forced at the point of a gun to accompany two men to a spot near Byalla where they stripped an automobile of its accessories which later were stored in Britton's room.

The two men were Dorthy Hudson, 25, of Prospect route 1, and Medford Marvin of Richmond, who are now confined in a Toledo jail awaiting action by the federal grand jury.

## MARION MUSIC STUDENT PLAYS AT DECATUR, ILL.

Miss Elizabeth Johnson Gives First Recital.

Miss Elizabeth Johnson, daughter of Mr. and Mrs. Long Johnson of 995 East Center street, has been touring in at this time. Her first recital was given at Decatur, Ill., on May 14, her first recital, a program of four movements of Beethoven's Op. 10, No. 1, Handel's three movements of Concerto in D major, Max Bruch, the adagio cantabile and Allegro fugue of the first violin in C minor together with three other compositions.

Miss Johnson will be heard in a broadcast at 5:30 p. m. in Marion today, from station WKKX in St. Louis, when the university choir present a program. June 1 she will go to Chicago, where she will appear on a program with Marilyn Foster, a graduate of Millikin university and first violinist of the Chicago Symphony Orchestra. Miss Johnson's accompanist, who recently was on tour a soloist with the university's capella choir, and will accompany the singer on similar trips in the near future.

At the university Miss Johnson is pledged to Sigma Alpha Iota national honorary music society. She is a pupil of Harold Elms of the Millikin faculty, who is known here.

Miss Johnson's playing was highly praised in the "Ashtabula" column of the Decatur Star-Tribune. The article stated: "The young woman played an Emilio Celsi concerto, made in 1820 at Asolo, Pavia, Italy, for her recital. The violin in Miss Johnson's hands seemed to be living, a perfect creature that could be expressed in no other medium," the article stated.

## Daughter of Former Marion Couple Weds

## Along the Glory Road With a Gospel Trailer

GOSPEL TRAILER adapts political rally methods to evangelism.

BY LUYEL SIMS  
Wide-World Features  
FORREST CITY, Ark.—Adapting the methods of the late Senator Huey Long to the example of John Wesley, an East Arkansas Methodist preacher has multiplied his field of evangelism many times with a \$350 "gospel trailer."

In its first month of operation, the trailer attracted 1,450 hearers in the sparsely settled region where it founder and operated. The Rev. Paul Galloway, preached to only 1,413 within his church here.

Mr. Galloway said he built the trailer because he decided to spread "political trucks that something good ought to come from them."

A novel idea in the Methodist Church, it has caught on rapidly. Church officials in other states have asked for plans and blueprints, Mr. Galloway says.

A two-wheeled affair with neither roof nor walls, it is built on simple lines. On the platform are a pulpit with amplifier attached, a turntable stand and storage space for bibles and hymnbooks. From the two outside corners rise loudspeakers. Cost of the trailer itself was \$125; the public address system took \$190 more, and \$15 was spent for recordings of religious music.

More than 50 per cent of those who crowd around the loudspeakers are not regular church attendants, the Rev. Mr. Galloway says, but an "amazing" number return time after time to listen, and already many of them have begun attending church services regularly as a result.

During its first month, the trailer traveled approximately 400 miles, out its founder plans a wider scope for its activities in the future. In two weeks during July, it is to go to 47 communities within a 500-mile radius of Forrest City.

Bishop C. C. Sealeman of Oklahoma City dedicated the trailer early in April in a service appropriately combining the official dedication rituals for a new church and a new organ.

Reviewing the extensive out-of-doors evangelistic activities of John Wesley, founder of the Methodist Church, the official state organ of the church said of the gospel trailer:

"We rejoice that Methodism is going back to the masses."

## SULFA DRUGS GUARD HEALTH OF SOLDIERS

Likely To Prevent Epidemics That Struck in World War.

CLEVELAND, May 16—Today's crop of soldiers has a scientific sentinel—the sulfa drugs—guarding against epidemics like those that swept through training camps of the last war.

Amazing cures effected in cases of spinal meningitis—which killed hundreds in World War army camps—were described at their third region meeting of the American Academy of Pediatrics.

Since sulfanilamide first was prominently used five years ago, it and other sulfa derivatives have brought about recoveries in 90 per cent of certain types of meningitis cases, Dr. Benjamin W. Carey of Pearl River, N. Y., declared.

Before these drugs were used, there was a mortality rate of nearly 50 per cent in such cases. Dr. John A. Toomey of Western Reserve university's medical school reported no deaths and no complications among 71 consecutive meningitis patients given sulfanilamide and anti-toxin at Cleveland's City Hospital. Patients' ages ranged from two weeks to 82 years.

"Under present circumstances, we may have to deal with epidemics and the sulfa drugs will be exceedingly helpful, especially in training camps," observed Dr. Curtis F. Garvin, associate professor of medicine at Western Reserve university.

# Reds Absorb 13-5 Assault by Giants

Cincinnati's Rookie Marshall Homers Twice As Giants Beat Starr.

The New York Giants, having hammered the Cincinnati Reds' much-advertised pitchers for a dozen runs Thursday and 13 yesterday, sought today to sweep the three-game series.

Gene Thompson, who held Brooklyn to a single hit Tuesday, was Manager Bill McKechnie's choice to try for his third victory. Bill Lohrman was Mel Ott's pitching nominee.

The Giants won yesterday, 13-5, with Ronkie Willard Marshall getting two homers and two singles to drive in six runs and grab the National League lead from Frank McCormick in runs - batted - in with 28.

Ray Starr was pummeled for his first setback against three victories.

The Reds routed Hot Schumacher in the fifth, but Bob Carpenter held them scoreless in the last four innings.

McKechnie bounced for the first time this season in the fifth when his oration displeased Plate Umpire Tom Dunn.

The Brooklyn Dodgers are planning to raise their bid for the 1941 National League pennant on the center field flag pole at Ebbets Field today with suitable ceremonies.

And if somebody says something about keeping the flag there and just changing the numerals for next season, the remark hardly would be amiss.

For the Dodgers now are four full games in front and apparently getting stronger day by day. They vanquished the Pittsburgh Pirates so hard yesterday the Buccaneers fell out of second place. The score was 4-3.

Wyatt Wins Whitlow Wyatt went the route and acquired his second victory without a defeat. It was Brooklyn's sixth conquest in seven games.

Pittsburgh's second straight pounding by the Dodgers coincided with the Boston Braves' 3-2 victory over the St. Louis Cardinals and enabled Boston to squeeze into second place by a half game. It was the sixth success in eight games for the Braves.

In the day's only other encounter, the Chicago Cubs beat the Philadelphia Phillies 2-1 although Claude Passeau gave up nine hits to the five the Bruins made off Tommy Hughes. Passeau, himself, hit a homer to account for one of Chicago's runs. The entire American league was kept idle by weather.

Double-Headers Booked The Cleveland Indians opened their busiest week-end of the season with a double-header against Washington today. The Philadelphia Athletics come to town tomorrow for another twin bill.

Both Cleveland and Washington have had a two-day lay-off because of the weather. Manager Lou Boudreau, with a full corps of 13 pitchers to choose from, stuck in Al Smith for the first game. Mel Harder was named for the second contest.

Early Wynn and Sid Hudson got the Washington call.

THOSE GAY NINETIES BROOKLYN - Brooklyn won two National League pennants in the 19th century. The winning team of 1890 was known as the Bridegrooms and the 1890 victor was called the Superbas.

## St. Paul 1st Sacker Heads Association Batting Averages

By The Associated Press  
CHICAGO, May 16 — Four ex-major leaguers were hogging the batting show of the American association in averages computed up to Thursday noon.

Leading the hitters was Phil Weintraub, St. Paul first baseman who has been serving with several major league clubs. He has pounded out 31 hits in 71 trips to establish a .397 average.

Another former big top, Hub Walker of Indianapolis, was first in home runs with 10 and total bases with 62, and a third, Johnny McCarthy of Indianapolis, topped the league in runs batted in with 30, and in triples with four.

Jake Powell, an ex-American leaguer who roams the Indianapolis outfield, shared the double lead with Mill Pyra of Toledo and El Stanky of Milwaukee. Each had 10.

Russ Myers of Milwaukee and George Munger of Columbus shared the pitching lead, each with five wins and no defeats.

Milwaukee paced the team batting department with 272, followed by Minneapolis with 272, and Indianapolis with 265. Best fielding team was Toledo with .880, with Kansas City and St. Paul tied at .870.

## BUCKEYE THINCLADS LEAD BIG 10 TRIALS

Win 13 Positions; Illinois Second with 8.

By The Associated Press  
EVANSTON, Ill., May 16 — Weighed down with odds to win Ohio State entered the Big Ten track and field championships today with a determination to dedicate its first title to Lieutenant Commander Larry Snyder of the navy.

Snyder coached the Buckeyes to this year's indoor championship — their first track honor — and then entered the navy. Dr. Frank Castleman, who retired as track coach in 1935 to devote full time to the university's health service, returned to skipper the team.

The Buckeyes, performing on a soggy track against a biting wind, placed men in 13 positions in yesterday's qualifying trials to dominate the field.

Michigan won seven places, Illinois took eight and Indiana placed three.

## Sammy Angott Retains World Lightweight Title

By The Associated Press  
NEW YORK, May 16 — The world lightweight boxing crown sat slightly askew on Sammy Angott's head today, tilted by the good right hand of artful Alvie Stolz who floored the champion for a count of nine but couldn't shake him loose from the title.

Angott hit the deck in the third frame at Madison Square Garden last night, then bounced up and pounded out a 15-round decision over the Newark, N. J. challenger for a close but successful defense of the title he lifted from Lew Jenkins last December.

## BABY BUMS

By The Associated Press  
VALDOSTA, Ga. — "Dem bums" from Brooklyn have a baby brother down south. The Valdosta baseball team of the Georgia-Florida league, guided by the Brooklyn Dodgers, has swept to first place in the early weeks of the 1942 campaign. Managed by Catcher Stu Hoffert, down from the Dodgers, the club has done so becoming well that fans call them "the Baby bums."

OLD 98 STILL FLYING

If that No. 98 romps through the clouds the way it did through fields of mingham-minded tackles and halfbacks, the axis will be spun dizzy. Tom Harmon, former Michigan All-American, seated in cockpit, wears his old gridiron number on his training plane at Oxnard, Calif. Instructor William I. Fernald is Tom's aerial tutor.

## HAWKS STILL SEEK FIRST VICTORY, PLAY AT TIFFIN SUNDAY

King Bacon Is Mound Choice; Galion Nine Faces Fostoria Team.

Still seeking their first Ohio State League victory, Marion's Hawks are scheduled to play the Tiffin Mud Hens, also victims of a pair of setbacks, Sunday at 2 p. m. in Tiffin's League park.

The Hawks came out of their batting slump Wednesday night to paste two Galion pitchers for nine innings, including a trio of three-baggers and one double, but were snowed under 15-3. It was the second victory of the Galion Jaycees over the Marion nine. Sunday the Jaycees won the opener at Lincoln park by an 8-3 count.

Their double victory over the Hawks gives Galion first place with Fremont's Green Sox, winners over Tiffin by scores of 15-1 and 10-3, and Findlay, conqueror of Fremont twice. Marion, Tiffin and Fostoria share a three-way tie for last place.

With his charges stick work taking shape, Manager Ray Roseberry's main problem today centered on pitching difficulties.

King Bacon, who was pounded consistently here last Sunday when Galion's Jaycees spoiled the Hawks' debut with an 8-3 count, was expected to face the Mud Hens. In the event he told, Manager Roseberry can call on either Darrell Roseberry or Joe Paulus. In the event Bacon goes the full route, Roseberry will handle an outfield assignment and Paulus will start at the hot corner. Bob Weaver of Wyalonia, who opened against Galion Wednesday but was removed after two-thirds of an inning, also may work in a relief role.

After two games W. H. Hilton, an ex-semi-pro star in Tennessee and at one time a candidate with an Appalachian league team, is leading the local plate work with a juicy .667 clip on two base hits, one a triple, in three trips. George Hedger, former Harding high school baseball captain and basketball star, is second in the batting averages with a .428 mark on three safeties in seven trips to the plate. He pounded out two of the locals five hits in the opener Sunday and added a Texas league single Wednesday to step into the select list. Joe Paulus is fourth with two hits in four chances for an even .500 average. Infielders Merle Loper and Fritz Walters are tied for fifth with .250 marks on two hits in four opportunities.

Other games on tap Sunday include Findlay to Fremont and Fostoria to Galion.

## Northwestern Leads Big 10 Net Championship

By The Associated Press  
COLUMBUS, O., May 16 — Paced by Seymour Greenberg, second ranking netballer in the Midwest, Northwestern university sought to clinch the Big Ten tennis crown today.

The Wildcats won 11 matches for 11 points in the first two days of play. Only Chicago, winner of 10 matches, and Michigan, defending champion, were given a chance to head them. The Wolverines have nine points.

The weather forced postponement of several matches Thursday and yesterday, but officials hoped to complete competition today.

## Kenton Twins Pass Navy Reserves Tests

Special to The Star

## Ohio Conference Okays Frosh Eligibility, Double Bill Basketball Programs

Various high schools should be treated without favoritism or discrimination. The new rule specifically forbids giving athletes special employment.

A committee on athletics was directed to study the results of schools using freshmen in athletics. It was suggested that a check of scholastic standards of freshmen athletes be made every two weeks and that those found slipping be removed from the athletic rosters.

George Daniel of Lorain was re-elected conference athletic commissioner.

The freshman rule, effective since the conference was formed 49 years ago, was lifted in 1918 during World War I because, as now, student bodies were depleted and some schools were forced to drop intercollegiate sports. As then college had eliminated conference athletic competition for the duration.

The Illinois conference also voted last night to suspend the freshman rule and similar action was taken by the Eastern (Ivy) league and the Missouri Valley circuit some time ago.
